

PROFESSIONAL HIGHLIGHTS	• Senior AI Researcher and Academician with 8+ years of experience working at the intersection of cybersecurity, data science, and large-scale online systems, focusing on measurement and analysis of complex digital ecosystems. • Extensive experience designing and managing large-scale datasets and automated data pipelines for scientific research, including the development of widely used open-source datasets. The datasets have received 1500+ downloads and have been adopted by industry (e.g., ActiveFence) and academia for cybercrime analysis, social media intelligence and large-scale online safety research. • Proven ability to conduct interdisciplinary research and collaborate across domains, with academic experience at the University of Cambridge and Deakin University, translating complex technical insights to diverse research and engineering teams. • Published impactful research in leading peer-reviewed conferences and journals including TIFS, ASIACCS, WiSec, eCrime, TIST, ICWSM, CIKM, and WSDM, demonstrating strong experience in rigorous data-driven scientific research.	
EXPERIENCE & EDUCATION	Lecturer in Cybersecurity, Deakin University, Australia <i>GIFT City Campus</i> Research Associate, University of Cambridge <i>Cambridge Cybercrime Centre</i> <i>University of Cambridge</i> Research Assistant, University of Cambridge <i>Cambridge Cybercrime Centre</i> <i>University of Cambridge</i> PhD in Computer Science and Engineering Indraprastha Institute of Information Technology Delhi (IIIT-D)	July 2024 - Present June 2021 - June 2024 February 2021 - June 2021 August 2017 - September 2021
DATASETS	• GONets: A first-look into GitHub Organisation Networks [SIGIR'26]. • YT-30M: A multi-lingual multi-category dataset of YouTube comments [CIKM'25]. <i>HuggingFace downloads: 691, Industry adoption: ActiveFence (Alice)</i> • ABOME: A Multi-platform Data Repository of Artificially Boosted Online Media Entities. [ICWSM'21] <i>Zenodo downloads: 711</i> • ModZoo: A large-scale dataset of 159K modded Android apps through longitudinal measurement of 13 major modded app marketplaces. [eCrime'24] • iOSModZoo: Built large-scale datasets of 40K modded iOS apps and 77K App Store counterparts through 11-month monitoring of 9 modded markets, enriched with metadata from 1.02M official iOS apps. [WiSec'26]	
OPEN-SOURCE CONTRIBUTIONS	• The YouTube Scraper - Tool to download YouTube video descriptions and comments without using the YouTube API. (<i>160+ stars, 25+ forks</i>) • Awesome Twitter Tools - A curated list of Twitter tools and resources. (<i>200+ stars, 25+ forks</i>)	
INTERESTS AND SKILLS	Interests: Data-driven cybersecurity, Cybercrime, Social network safety, LLM Safety. Operating systems: GNU/Linux; Tools: Python, SQL, Deep Learning (Graphs), GitHub.	
GRANTS	Deakin University Peer-review ECR Support Scheme Deakin University SIT Minor Equipment & Expenses Scheme 2025 Deakin University Startup Grant (PI) Deakin Cyber Collaboration Grants Scheme 2025 (Co-PI) <i>Deakin University</i> OpenAI Researcher Access Program (PI) Cohere Labs Catalyst Grant Program	4250 AUD 3500 AUD INR 10000 AUD 5000 AUD 1000 USD 500 USD

OTHER
EXPERIENCES

Co-founder, Assam AI Initiative (AAIL)

A non-profit initiative to promote various scopes of AI

Feb 2021 - Present

Visiting Researcher, TU Munich, Germany

July 2023

Visiting Researcher, Cardiff University, UK

March 2019, March 2020

Short-Term Scholar, George Mason University, USA

June 2019 - August 2019

ACHIEVEMENTS
AND AWARDS

- Rising Star in Data Science by the Center for Data and Computing (CDAC), University of Chicago.
- Wiseman Prize 2023, Department of Computer Science and Technology, University of Cambridge.
- DAAD AInet fellowship 2023.
- SEBE Teaching Award, Deakin University.
- ICWSM 2021 scholarship for Underrepresented Groups Program.
- 3rd prize at Ninth IDRBT Doctoral Colloquium IDC 2019.
